

COMMERCIAL GROUP **RAIKA**

Company overview

Raika Trading Company is one of the most prominent companies in exporting and producing the variety of peanuts in the Middle East, with many years of experience in production of peanuts. The committed experts of Raika Trading Company try to communicate with a wide range of customers by creating a coherent structure and meet their needs in the field of different types of nuts. Raika also has several years of experience in this field, and today as a reputable company, has managed to satisfy the customers. Raika Trading Company also strives to provide the dried fruit products needed by traders, wholesalers, chain stores and food companies around the world in the shortest possible time by increasing production through the use of modern science and high-tech machinery.

Business Description

Peanuts are a nutritious type of food rich in vitamins and many other nutrients. Peanuts can be found in nuts and they can be used in a variety of foods and desserts. Peanuts have many health benefits and contribute to the well-being of the body. Among the health benefits of peanuts, we can mention weight control, controlling blood sugar levels, reducing the risk of heart disease, bone health and relaxing the nerves. The demand for this product in the world is very high due to its remarkable vitamins and health benefits. Therefore, many countries in the world have started to cultivate and produce this type of product in the world.

Among the large companies producing peanuts, Raika Trading Company has managed to meet the needs of traders and merchants in the Middle East by expanding its agricultural lands.

Visions and values

Raika Trading Company intends to meet the needs of traders in other countries and become one of the main companies in his field, by expanding the quantity and quality of products, purchasing agricultural land, upgrading factory equipment and hiring efficient and capable personnel.

Some of the values highlighted by Raika Trading Company

- Honesty and integrity at all levels of the organization
